## SKILLS

Web Technologies	HTML5/ CSS3, Bootstrap, Angular 2+, Node.js, Express.js
Programming Languages	Core Java, JavaScript/Typescript
Database	PostgreSQL, Couch DB
Technologies/Services	AWS S3, ArcGIS API

## PROFESSIONAL EXPERIENCE

### CYIENT LTD

Sept, 2017 – Present

#### Osmose Field, Software Developer

Designed and build Architecture and models for Angular Application thru **Agile** requirement gathering with monthly users of nearly 1000+. I also maintain codebase thru **GIT**, assist the **REST API** design, resolve web app issues reported by users thru **Jira**.

- Implemented Auto updaters and perform sync between **PostgreSQL** and Front end.

- Integrated ArcGIS API with angular and track the Jobs.

- Upload and retrieve files (images, pdf) in S3 using Nodejs.

#### TPDDL WFM, Software Developer

Developed and maintained web application in **Java** and worked on generating PDF's (in **Angular**) after Field users complete their Outages assigned. Performing sync operations between mobile users and web application every day.

- Part of maintenance & Deployment team to optimize the server load and perform enhancements.

#### AR/VR, Developer

Developed application using **Unity3d** as framework. Viewing towers and establishing connection between towers in 3D view. Posting and retrieving data from **Couch DB** database. Useful to know the real time towers are matched with simulated towers with their locations and connections.

## Education

K.I.T.S, Warangal —B.Tech (71.4 GPA)

## Awards/Recognitions

- Member of software Development team for Tata Power Delhi Distribution Limited, which has won **ISGF Innovation Awards 2019** for Qualifying "**SMART TECHNOLOGY OF YEAR 2019**".

- "Most Valuable Performer Bronze" in Nov 2019 for outstanding work on "Osmose project".

- "Most Valuable Performer Bronze" in March, 2019 for outstanding work on "TPDDL project".

- Developer of Product Development for first time at Cyient Ltd in AR/VR application.

## Industry Experience

Energy & Utilities in regions like USA and India.
